

# HUMAN TRAFFICKING

training for healthcare and  
public health professionals in the  
Roaring Fork Valley and beyond

**Tuesday | May 25th | 8-9:30am or 3:30-5pm**

Please join the **Laboratory to Combat Human Trafficking** in collaboration with the **Battlement to Bells Anti-trafficking Task Force (BATT)** for an important training on how human trafficking is impacting our state and region. The crime of human trafficking intersects with many other vulnerabilities and experiences. Those who experience trafficking may also be victims of wage theft, child abuse or domestic violence, they may be experiencing homelessness, or they may suffer from mental illness or substance misuse. Because these vulnerable populations often come into the purview of healthcare providers, first responders and behavioral health professionals, it is vital for these professionals to receive this training.

**This training will be hosted on Zoom.**

## WHO SHOULD ATTEND:

- Healthcare providers working in hospitals and clinics
- Public Health professionals
- Behavioral and mental health providers working in a healthcare setting
- First responders (Fire and EMS)
- Victim service providers

## WHAT YOU WILL LEARN:

- How to identify human trafficking situations and potential victims and better understand the complexities of disclosure.
- How communities across Colorado are responding to human trafficking
- Mandatory reporting requirements
- How to connect to local anti-trafficking and victim support resources and develop protocols to protect victims

The **Laboratory to Combat Human Trafficking** ([combathumantrafficking.org](http://combathumantrafficking.org)) is a leader in Colorado's anti-trafficking movement. Since 2005, we have trained over 35,000 professionals and community members; conducted research to drive action and inform policy change; operated the statewide 24/7 human trafficking hotline; and developed over 150 future human rights leaders.
